DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1, 3-4, 6-8, and 10, are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 1, at lines 10-11, recites "performing a development step to remove the soluble exposed portion of the photoresist layer and the soluble protective layer thereon". It is not clear if the soluble protective layer that is removed is the protective layer on the exposed portion, or the protective layer on the unexposed portion, or both. Appropriate correction is required. Claim 7, at lines 14-16, recites "removing the soluble exposed portion of the photoresist layer, the acid supplying layer thereon, the protective layer thereon". It is not clear if the protective layer removed is the protective layer over the exposed portion of the photoresist layer, or the protective layer over the unexposed portion of the photoresist layer or both. Appropriate correction is required.
3. Claim 1, at line 10, recites the limitation "the soluble exposed portion". There is insufficient antecedent basis for this limitation in the claim. Claim 1, at line 11, recites the limitation "the soluble protective layer". There is insufficient antecedent basis for this limitation in the claim.
4. Claim 7, at line 14, recites the limitation "the soluble exposed portion". There is insufficient antecedent basis for this limitation in the claim.

5. Claim 7, at line 15, recites the limitation "the soluble sidewall portion". There is insufficient antecedent basis for this limitation in the claim.

Allowable Subject Matter

6. Claims 1, 3-4, 6-8, and 10, would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Conclusion

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
